Memories shared by Eddie Key

Hometown: Bowling Green, Kentucky

Why I chose WKU: Scholarship and hometown school.

My major: Music Education with a Minor in Voice

My class: 1969

Gemini Bands: The first – Gemini 13

Instruments: Bass, Guitar and Vocals

Tours: The Caribbean Tour of January 1967

Friends: All wonderful and talented students. Fun-loving, friendly, supportive. Couldn't have asked for a better group of bandmates.

Memories: It was my first time out of the country – out of my hometown, in fact. First time flying. We traveled on military aircraft – propeller driven planes. I took lots of pictures of clouds!

I was very young, innocent, and naive - passed on the copious amounts of free booze in the Officer's Clubs! Saw some amazing parts of the world. It sparked my interest in travel and touring. I continued that career path to become a professional musician and actor.

Benefits: It was an eye-opening experience for a small town boy. It made me aware of how much there was to see and experience outside of my small town.
